

lever handle with birch bark grip by Kenneth Grange

izé

KGL03BB

This is a variant of one of four door handles that the distinguished industrial designer Kenneth Grange created for izé at the foundation of the company. The handle, which has become a classic, uses Grange's deep knowledge of design to explore making a handle which is extra functional as well as beautiful. In particular, it is distinguished by the fact that the handle grows directly out of the rose as a single sculptural piece. This lever is also a 'return to door' so that it will not catch on bags and clothing. This handle, which is based on Grange's Lever handle 3, uses birch bark for the grip, giving a warmer and more natural appearance and feel. Like all Izé luxury handles, it is available in all the Izé finishes.
