

### IZEOL03

This lever handle with an elegant swooping design was originally designed in 1968 for food company Nestlé's head office in Switzerland. It is made from gravity die-cast aluminium with a black anodized finish that gives it a gravity and a particularly modern feel. It is ideal for use in an apartment or hotel where you want a little 'edge' to the design.

**Length** : 120 mm

**Projection** : 65 mm

**Rose diameter** : 50 mm

**Finish** : Available in all izé finishes
