

Z-pull handle / Eric Parry

izé

EPP01

Architect-designed pull handle

Leading architect Eric Parry designed the Z-lever range for izé as a means of absorbing all the elements of ironmongery – the horizontal handle and vertical lock plate – in a single, sculptural element. The pull handle's unusual geometry coordinates perfectly. Like all Izé luxury handles, it is available in all the Izé finishes.

Length : 480 mm

Projection : 70 mm

Finish : Available in all izé finishes
